all those things. You need to apply cold war era thinking to this, meaning the human element. We know they use their citizens in foreign places to gather data. like the most rudimentary levels of information, like students abroad sending updates back home. They most definitely have sleeper agents in place. what they're capable of, who they might be, and what they can accomplish is up for debate. but I'm confident they're in place. we had a leaf last night that wrote what amounted to a suicide note/love letter to the board. it's extrapoloation, but I think he was an activated chink. just sayin'.

Ok.
Let's have this Discussion.
We live in a REPUBLIC
NOT a SOCIETY.
When one side LOSES AN ELECTION, they SIT DOWN and SHUT UP.
Just like /we/ did under Obama, even though he was an ILLEGAL PRESIDENT, and there was MASSIVE ELECTION FRAUD.
/we/ thought "enough of the people are fooled, let's let this Happen. Let then see first hand.
Did we have /our/ little T.E.A. Parties? Sure.
Bu all according to RULE of LAW.
So, the People Saw, and Voted for RESTORATION of THE REPUBLIC,for which you should have SAT DOWN and SHUT UP.
But [you] didn't.
Now.
SUFFER the CONSEQUENCES.

On the Internet in China, an Internet Water Army is a group of Internet ghostwriters paid to post online comments with particular content. Internet water armies were born in the early 2010s.
The private Internet Water Army operations parallel the official 50 Cent Party propagandist Internet commentators hired by the government of the People’s Republic of China or the Communist Party of China.
